Mid-Term TABE Review a Success!

Even if you don't feel that you were successful because your scores didn't go up you were successful. Why? Because you are one step closer to being less nervous and anxious about testing in general. The more you test the better you are at it. This will help you with the GED exam when you go to take it.

Test Taking Tips

Attend All Review Sessions/Classes

Missing classes and/or review sessions is like missing at least one question on a test.

Study

Take notes in class and study your notes and any worksheets that you may have prior to the test.

Before tests get plenty of rest.

A well rested mind is a mind that thinks better.

Eat prior to taking the test.

Your brain functions better when you have eaten.

"Big test today, Mom, got any Brain Flakes?"

Vankesha Barnard the day that she received her GED!! Congratulations Kesha!!!

Graduation

Sometimes a student graduates and knows that they will not be in the area when we will have graduation. Graduation is normally in the summer, around June, after the high schools in the area have graduation. We had such a student this year. Kesha Barnard worked so hard and under very stressful circumstances achieved her GED. What do we do when that happens? Well...we take a picture of them in cap and gown of course! We are so proud of all of our students we wish that they could all make it to graduation but of course that cannot happen so we try to do what we can.

When asked "why now" about going for her GED Kesha said that it had been too long and that she wanted to make progress for the better. She had been encouraging other friends and family to either stay in school or to get their GED's and she felt that maybe she shouldn't be doing that if she didn't have hers. She had been wanting her diploma and now she has it! Good for you Kesha!!

Kesha and her son have been here in Anchorage three years in March while her husband serves in the military. They will be moving to North Carolina in March when her husband is stationed there. She is planning on opening their own restaurant while earning a business degree. They are raising a nine year old son together.

Veteran's Day

World War I – known at the time as “The Great War” - officially ended when the Treaty of Versailles was signed on June 28, 1919, in the Palace of Versailles outside the town of Versailles, France. However, fighting ceased seven months earlier when an armistice, or temporary cessation of hostilities, between the Allied nations and Germany went into effect on the eleventh hour of the eleventh day of the eleventh month. For that reason, November 11, 1918, is generally regarded as the end of “the war to end all wars.”

In November 1919, President Wilson proclaimed November 11 as the first commemoration of Armistice Day with the following words: "To us in America, the reflections of Armistice Day will be filled with solemn pride in the heroism of those who died in the country's service and with gratitude for the victory, both because of the thing from which it has freed us and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of the nations..."

Please thank those who protect us all and fought for us all to have the freedoms we all enjoy.
